

CLINICAL REPORTING

Skilled Nursing Facility (SNF) Length of Stay (LOS)

KEY METRICS

TOTAL SNF STAYS

Total number of Skilled Nursing Facility visits identified within the selected reporting period and applied filters.

MEDIAN SNF LENGTH OF STAY

The median number of days spent in a Skilled Nursing Facility during the selected reporting period.

INITIAL HOSPITAL STAY COUNT

Total number of initial hospital visits used as the starting event for SNF length of stays analysis.

PATIENT COUNT

Total number of unique patients included in the report based on the shared patient panel and applied filters.

WHAT IS THE SKILLED NURSING FACILITY LENGTH OF STAY REPORT?

This report provides visibility into post-acute care utilization by analyzing SNF stays, length of stay, and transitions between hospital and SNF settings. The report supports organizations in evaluating care transitions and identifying opportunities to improve post-acute outcomes.

Patient SNF/Hospital Visit													
Patient ID	Initial Hospital Patient Class	Initial Hospital Name	Initial Hospital Admit Date	Initial Hospital Discharge Date	Initial Hospital Discharge Dx Description	SNF Name	SNF Admit Date	SNF Discharge Date	SNF LOS (Days)	SNF Discharge Disposition	Overlapping Hospital Name	Overlapping Hospital Admit Date	Overlapping Hospital Discharge Date
AbbotDEM0, Melanie (F) 1989-12-25	I	Hospital No. 6	05/20/2025	05/27/2025	Diagnosis 1	SNF No. 4	05/27/2025	06/03/2025	6				
AbbotDEM0, Melanie (F) 1949-10-20	I	Hospital No. 5	05/16/2026	05/27/2026	Diagnosis 2	SNF No. 5	05/27/2026	02/06/2026	29				

POTENTIAL USE CASES

- Evaluate post-acute care utilization patterns
- Identify patients with extended SNF stays
- Monitor readmissions and overlapping hospital encounters during SNF stays

Clinical Reporting dashboards leverage available clinical data, including Admissions, Discharges, Transfers (ADTs), Clinical Care Documents (CCDs), and Laboratory data submitted by participating organizations.

For questions about Clinical Reporting access, please contact your organization's HIE Administrator and Reports Role Manager POC, or email report-support@crisphealth.org.

For general technical support questions, please contact Support@crisphealth.org.

KEY FEATURES

- 1 ANALYZE SKILLED NURSING FACILITY LENGTH OF STAY TRENDS OVER TIME
- 2 MONITOR SNF UTILIZATION ACROSS FACILITIES AND PATIENT POPULATIONS
- 3 REVIEW OF HOSPITAL-TO-SNF TRANSITIONS
- 4 IDENTIFY OVERLAPPING HOSPITAL VISITS DURING SNF STAYS
- 5 EVALUATE CHRONIC CONDITIONS ASSOCIATED WITH SNF UTILIZATION
- 6 EXPLORE PATIENT-LEVEL DETAILS SUPPORTING CARE COORDINATION ACTIVITIES
