AHEAD Centralized Reporting Suite

CRISP

A centralized source for claims-based AHEAD quality measures.

Provides a unified view of quality performance across Statewide (PHAP) and Primary Care measures using Medicare, Medicaid, and commercial claims data.

- **Identify opportunities for improvement**
- **Analyze performance across populations**
- **Support data-driven decision-making**
- **Benchmark performance against statewide goals and comparison groups**
- **Monitor progress toward AHEAD goals**

Available to hospitals, health departments, practices, and MCOs

Data access is governed by Attribution Type and PHI permissions.

Access the AHEAD Centralized Reporting suite in the CRS Portal beginning December 28, 2026.
